

SPARFELL Achieves IS-BAO Stage 3 Certification and Welcomes Challenger 3500 to Charter Fleet

Press Release
Geneva, 2nd August 2023

SPARFELL, a leading provider of bespoke aviation solutions, proudly announces its recent achievements in obtaining the prestigious International Standard for Business Aircraft Operations (IS-BAO) Stage 3 certification for all its three AOCs – Austria, Malta and San Marino - and the addition of the first European Challenger 3500 to its expanding charter fleet on the company's Maltese AOC.

The International Business Aviation Council (IBAC) has issued the Certificate of Registration to SPARFELL, recognising the successful implementation of the IS-BAO Stage 3 standards. This certification validates that safety management activities are fully integrated into SPARFELL's business operations, emphasising the company's commitment to maintaining a positive safety culture.

By adhering to the IS-BAO standards, SPARFELL aims to continuously improve its risk management practices, foster a better, safer operational approach, and enhance confidence among its operations personnel, customers, and insurance carriers. This achievement underlines SPARFELL's unwavering dedication to operational excellence and upholding the highest safety standards in the industry.

In addition to this milestone, SPARFELL is thrilled to welcome the first European Challenger 3500 to its prestigious charter fleet on the company's Maltese AOC. This state-of-the-art aircraft marks the eighth addition of this aircraft family within SPARFELL's fleet. With this latest inclusion, SPARFELL now boasts an impressive selection of 17 distinct aircraft types available to its discerning clientele.

The Challenger 3500 joins the fleet alongside other recent additions, including a Global 6500, G450, Global 7500, and G500. This strategic expansion further empowers SPARFELL to offer an extensive range of possibilities to clients, ensuring the ability to cater to diverse needs with utmost service quality and flexibility.

"We are thrilled to have achieved the IS-BAO Stage 3 certification, showcasing our unwavering commitment to safety and operational excellence," says Edward Queffelec, CEO at SPARFELL. "The addition of the Challenger 3500 to our charter fleet strengthens our ability to provide our clients with exceptional choices and unparalleled service, solidifying our position as a leader in the industry."

SPARFELL continues to elevate aviation experiences through its dedication to safety, innovation, and exceptional service. With the IS-BAO Stage 3 certification and the Challenger 3500 joining the fleet, SPARFELL reinforces its commitment to meeting and exceeding the expectations of its valued clients.

About SPARFELL: www.sparfell.aero

SPARFELL remains one of the few privately held, family-managed companies operating in business aviation. It is one of the few companies worldwide that offers such a wide selection of services under one roof to ultimately better serve its customers: aircraft charter, aircraft management and aircraft trading. With expertise in all aircraft types, whatever a client's need is in aviation, SPARFELL offers advice from A to Z and beyond.

The standards and principles that SPARFELL enforces when providing its expertise in aircraft are also applied to other domains that SPARFELL ventures into. The company also offers travel and concierge, yacht management, and property and luxury asset management servi
